Reviewer #1:

The topic is interesting and important. However, there are several key areas that need more work.

1 - Please add the novelty of the results to the abstract (2 sentences).

Reviewer # 2:

1 - The Conclusion section needs to justify the effectiveness of the approaches you propose (100 WORDS).

2 - Please shorten the old sources in the reference. The recommended number of references is 20-35 entries. If possible, the authors should use relevant sources on the research topic from the last 3-5 years.

Reviewer # 3:

1. Conclusion section needs to be described scientifically. Kindly frame it along the following lines:

- i. Main findings of the present study
- ii. Comparison with other studies
- iii. Implications of the study
- iv. Strengths and limitations
- v. recommendation and future research.

When you revise your manuscript, please highlight the changes you make in the manuscript by using the track changes mode in MS Word or by using bold or colored text. We hope you will do great.
