Title	Proposal of Character and Moral Education for Gifted Young Scientists in Indonesia
Running Title	Proposal of Character and Moral Education for Gifted Young Scientists in Indonesia
Keywords	charactereducation, moral education, gifted students, islamic educational values
Abstract	Character education is aimed at achieving the five goals. Firstly, it is to develop affective potency of the students in their content as humans and citizens adhering their nation character values. Secondly, it is to develop the noble habit and behavior which are in line with the universal values and the nation religious traditions. Thirdly, it is to strengthen the students' leadership and their sense of responsibility as to the next generation of the nation. Fourthly, it is to develop the student competency so that they could be autonomous, creative, and possess nationalistic insight. Finally, it is to develop the school as a good learning environment so that it could support the growth of honesty, creativity, and friendship with the goals of national and dignity. The character education, in turn, lead to a holistic personality possessing a high moral standard in speech, action, attitude, thought, feeling, work, and output which are in line with the religious values, norms, and the noble moral of the nation.
